

CONGRATULATIONS!

You are now the proud owner of the ROCCAT™ Savu Mid-Size Hybrid Gaming Mouse – a high-performance instrument that delivers the perfect blend of performance and customization. With its true 4000dpi Pro-Optic sensor and ultra-precise 2D incremental scroll wheel – packed into a perfectly-weighted, mid-size design with soft-touch surface and No-Sweat side grips – the Savu delivers unrivaled gaming performance. And thanks to its advanced Easy-Shift[+]™ technology, fully-programmable multi-color lighting and effects – plus the included Macro Manager driver software – the Savu makes it easy to customize to your heart's content.

ROCCAT™ Driver & Easy-Shift[+]™

We loaded the Savu with an award-winning, feature-rich driver system with Macro Manager software that includes presets for popular games, multimedia and office apps. The Savu also features the innovative Easy-Shift[+]™ button – which lets you quickly increase the number of mouse button functions.

Sensor + Wheel

The ROCCAT™ Savu features an advanced Pro-Optic (R3) sensor delivering true 400, 800, 1600 and 4000dpi – for optimized tracking that fits any style. It also has an ultra-precise 2D incremental step wheel for perfect control during weapon changes and other critical decisions.

High-Quality Build

Our ROCCAT™ Scientists built the Savu with not only the world's most advanced electronics technology, but also using the world's most robust materials. This blend of cutting-edge German engineering and mega-tough construction ensures a long life and hours upon hours of gaming glory.

Should you need assistance ...

A DEFAULT BUTTON ASSIGNMENT (no driver installed)

- 1 = Left mouse button
- 2 = Right mouse button
- 3 = Middle mouse button & universal scroll
- 4 = Page forward (Browser)
- 5 = Easy-Shift[+]™ button
- 6 = Mouse wheel up
- 7 = Mouse wheel down

ROCCAT™ EASY-SHIFT[+]™ TECHNOLOGY

GREATLY INCREASE YOUR MOUSE FUNCTIONS

Ingenious Easy-Shift[+]™ technology lets you assign two functions to each of your mouse buttons and the scroll wheel – putting a huge amount of easily-wielded power right at your fingertips. The Savu's Easy-Shift[+]™ button works just like the shift key on a keyboard. Simply hold it down and simultaneously press one of the other mouse buttons – or the scroll wheel (including up and down) – and you execute a second function. This incredibly handy feature increases the number of available functions from 7 to 12.

GET EVEN MORE MACRO MIGHT

Easy-Shift[+]™ also lets you control powerful driver functions right from your mouse – giving you quick control over things like your multimedia options. For example, you can launch your media player, switch music tracks and adjust volume – all with the simple press of a mouse button or scroll of your mouse wheel. With the Savu, flawless ergonomics and maximum functionality coexist in perfect harmony.

Use the **Easy-Shift[+]™** button (#5) to access 2nd level functions on all other mouse buttons and wheel.

This way you can **duplicate** the number of buttons by assigning **two functions** to each one.

EASY-SHIFT[+]™ EXAMPLES:

Easy-Shift[+]™ WoW:	Easy-Shift[+]™ CS:
5 + 1 = Mount up	5 + 1 = Throw HE
5 + 2 = Dismount	5 + 2 = Throw flash
5 + 3 = Autorun	5 + 3 = Throw smoke
5 + 4 = Use trinket	5 + 4 = Show scores
5 + 6 = Your macro #1	5 + 6 = Buy CT equipment
5 + 7 = Your macro #2	5 + 7 = Buy T equipment

Easy-Shift[+]™ Multimedia:	Easy-Shift[+]™ Browser:
5 + 1 = Previous track	5 + 1 = Page back
5 + 2 = Next track	5 + 2 = Page forward
5 + 3 = Mute volume	5 + 3 = New tab
5 + 4 = Switch to full screens	5 + 4 = Add bookmark
5 + 6 = Play or pause	5 + 6 = New window
5 + 7 = Stop playback	5 + 7 = Print page

B DEFAULT BUTTON ASSIGNMENT: EASY-SHIFT[+]™ (no driver installed)

- 5 + 1 = Page back (Browser)
- 5 + 2 = Page forward (Browser)
- 5 + 3 = Mute volume
- 5 + 4 = Disabled by default
(install the driver to assign a function)
- 5 + 6 = Volume up
- 5 + 7 = Volume down
